Bangalore. The Maternity
Hospital. 15th April 85.

The President
Town Municipal Board
Bangalore

Sir

I have the honor to bring to your notice that some improvement is needed in the Establishment of the Maternity Hospital and some more liberal expenditure in carrying it on.

2 Some years ago it was opened by me in the merest temporary style - in order to afford a refuge for women who otherwise would be in great straits at such a time - but it has continued to be in this "make-shift" way ever since, with the exception of having a Matron, recently appointed yet it is now resorted to almost by double the number of cases as formerly - and will no doubt go on increasing, and when the new wards are open, it will I trust become utilized by caste women of better class.

3 The Mysore Hospital which has not the same number of cases, has a much larger and more expensive establishment - as will be seen by the accompanying list.

4 I would therefore ask that you will be good enough to accede to the proposed number of servants and scale of pay, (as entered)

and

+ of course. extra servants have had to be hired & paid contingently -

and that you will be prepared to meet a more liberal and more suitable expenditure. This kind of Hospital is more expensive than any other, but of course economy will be strictly kept in view and practised as far as possible. It will not be necessary to increase the Establishment all at once, but as occasion requires.

I have the honor to be
Sir
Your most Obed.t Servant
